Paid Media – What's Next

Route-Led Creative to Outbound Passengers

Campaign Background

- SJC has won the home market on metrics that matter, but it’s not converting into market share.
- Routes and nonstops move market share harder than amenities do.
- Travelers are booking flights, not airports.

National Inbound Recruitment

Campaign Background

- Many inbound travelers haven't used SJC and do not know where it is relative to where they are going.
- The search itself works against SJC: travelers look up "flights to San Francisco."
- Inbound travelers are booking destinations, not airports.

Paid Parking Marketing Plan

Approach:

- Integrate Premium Parking and Park Perks.
- Incorporate off-site and rideshare parkers.
- Monitor and adjust campaigns and budget.

Goal: Increase parking revenue.

Audience: Current and potential SJC passengers.

In-market: Now

2026 NATIONAL AVIATION WEEK STICKER SEARCH

2026 National Aviation Week Sticker Search

The 2026 Sticker Search has concluded. Stay tuned for info on next year's National Aviation Week celebration!

Wednesday, Aug. 19 marks **National Aviation Day** and the beginning of National Aviation Week. While we celebrate the history and magic of aviation, we also want to celebrate and thank YOU, our beloved passengers!

For the second year in a row, we're hosting a National Aviation Week Sticker Search in our terminals. The search will begin on Wednesday, Aug. 19, and will be available while supplies last. Follow the below clues to find and collect all 12 exclusive Ernie + Friends stickers! [Hold on, what's up with the baby chickens?]

How to Play

1. Read the clues below and go to the locations they're describing.
2. Once you think you've found the correct location, locate an employee working there. Tell them, "I'm here for the Sticker Search!"
3. If you found the correct location, they will present you with your sticker. (This is FREE. You may only receive one sticker per location per person.)

Note: The Sticker Search is only available during each location's operating hours.

Aloha Robbie! Plushie Giveaway

The Ernie + Friends merch collection has grown again: Say Aloha to Robbie!

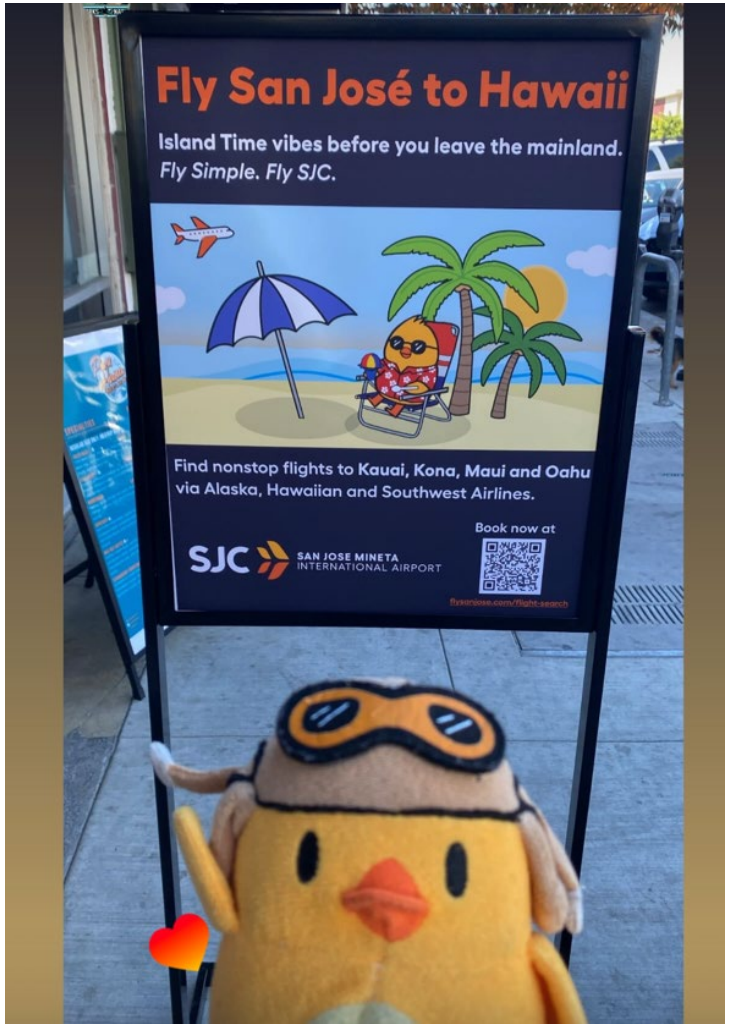

This laid-back baby chick wears an Aloha shirt, because his favorite place to fly is Hawaii.

He's always mixing up airports and flights (don't ask about Costa Rica) – but when it comes to the Hawaiian islands, Robbie knows there's no going wrong. Whichever island you land on, you'll have the time of your life. And SJC has nonstop service to Kauai, Kona, Maui AND Oahu!

Waymo knows the way to San José!
This month, Waymo, the world's leading fully autonomous ride-hailing company, received a permit to operate at San José Mineta International Airport. SJC is expected to be the first commercial, international airport in California — and the second in the world — to welcome Waymo autonomous vehicles to its terminals, making the Bay Area's easiest and most dependable Airport even more convenient for travelers.

We expect Waymo to officially launch to the public at SJC later this year – stay tuned!

Study – Key Findings

- Transit ridership and Airport passengers still recovering from pandemic
- Transit connectivity to Diridon drives ridership demand
- Majority of ridership to shift from ride-hailing to the Connector
- Approximately 40% of ridership will come from BART extension
- Approximately 90% of riders are passengers, 10% employees
- Removing VTA Route 60 could shift 132,000 transit riders to the Connector

RFP Purpose and Assumptions

Purpose

Identify the most cost-effective, reliable, and resilient solar battery solution that reduces energy costs, enhances energy resiliency, and advances sustainability goals.

Third Party PPA

- Third party funds, constructs, and operates the systems
- Airport purchases generated power under a long-term agreement
- Financial benefit driven by the difference between PPA and PG&E rates

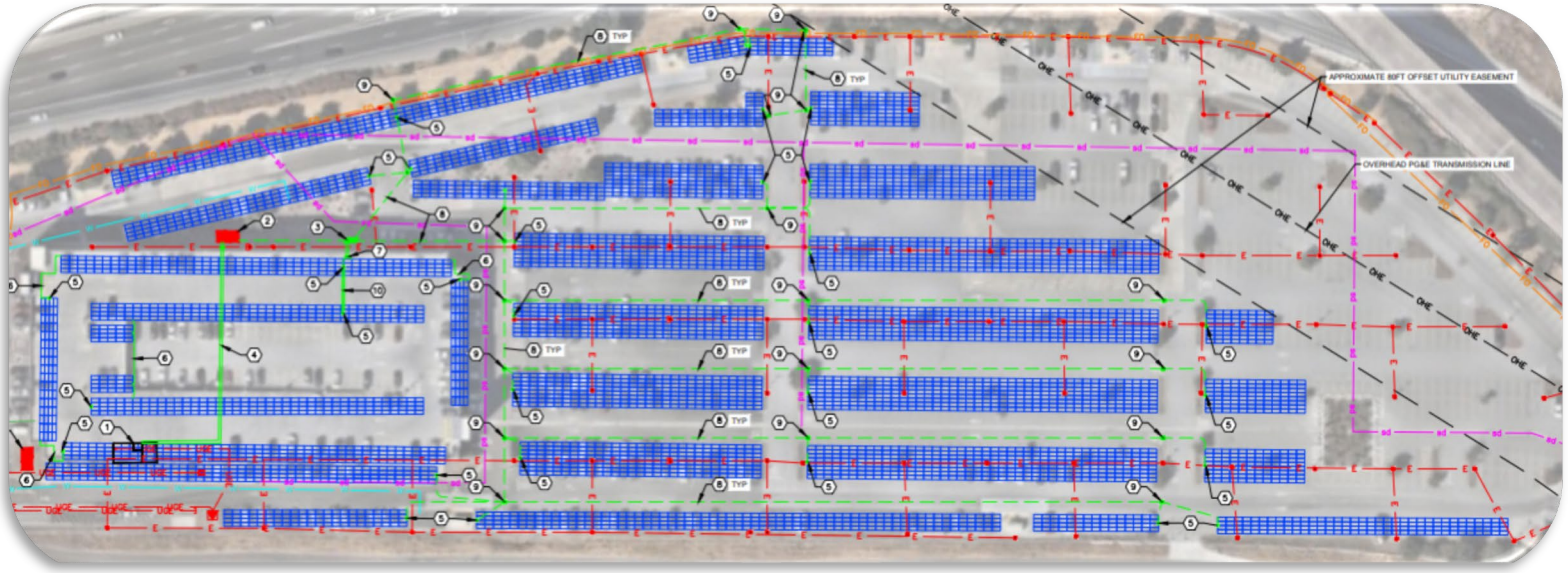

Key Assumptions	
Annual Solar Production	**14.0 million kWh**
BESS Capacity Rate	**500 kW**
# BESS Per Location	**Varies based on design**
Current PG&E Electricity Rate	**$0.24/kWh**
PG&E Annual Rate Escalation	**2%**
Solar Degradation	**0.5% annually**
Lease Term	**20 years**

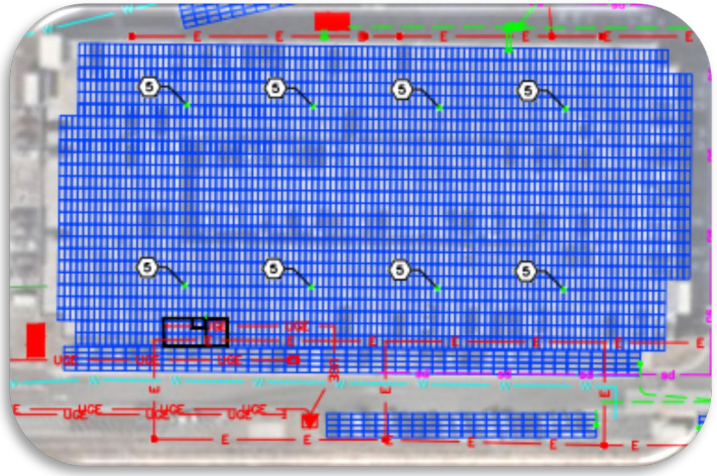

Project Location Overview

Across the two planning alternatives, the project is anticipated to provide 5.3–7.1 MWac of solar generation capacity.

Lot 1 Site Plan – Solar Generation Summary

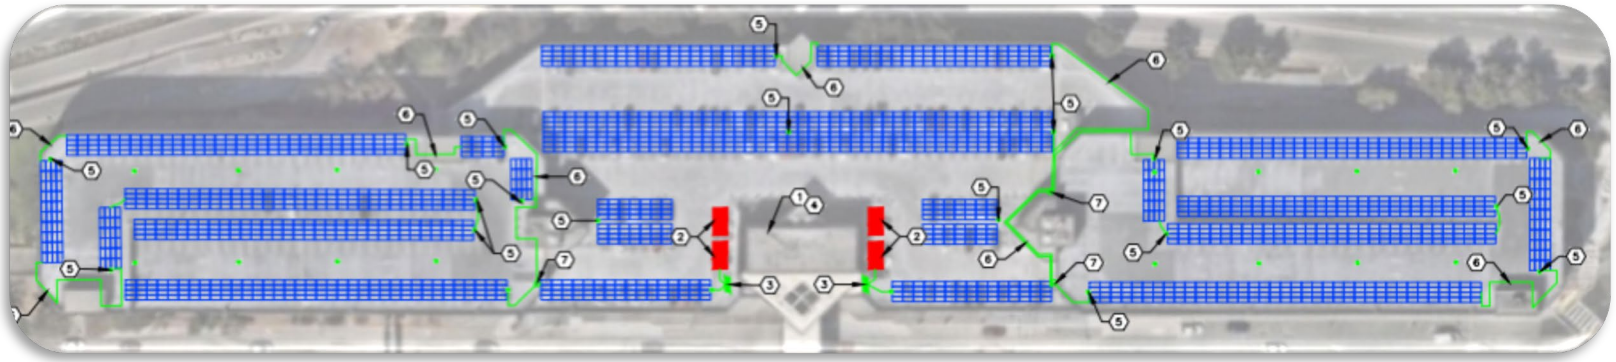

Alternate Garage Rooftop Layout

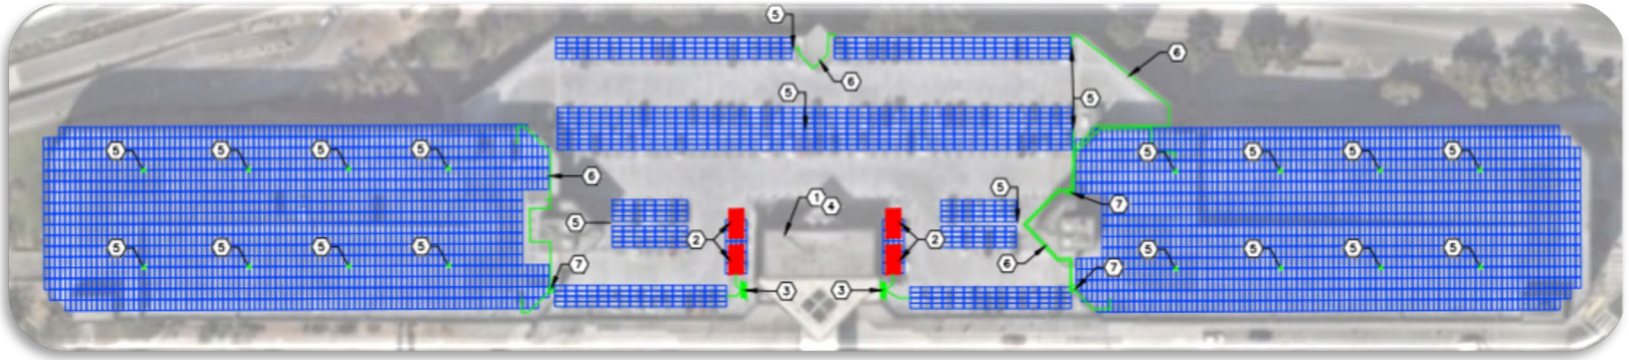

Location	PV Panel Qty	Development Area	DC System Wattage	AC System Wattage	Annual kWh Generation
Surface Lot	4,679	6 Acres	2.573 MW	2.145 MW	4,244,094 kWh
Garage	850	1 Acre	0.468 MW	0.390 MW	771,292 kWh
Garage Alternate	2,674	1 Acre	1.469 MW	1.220 MW	2,423,551 kWh

Lot 2 Site Plan – Solar Generation Summary

Garage Rooftop Layout

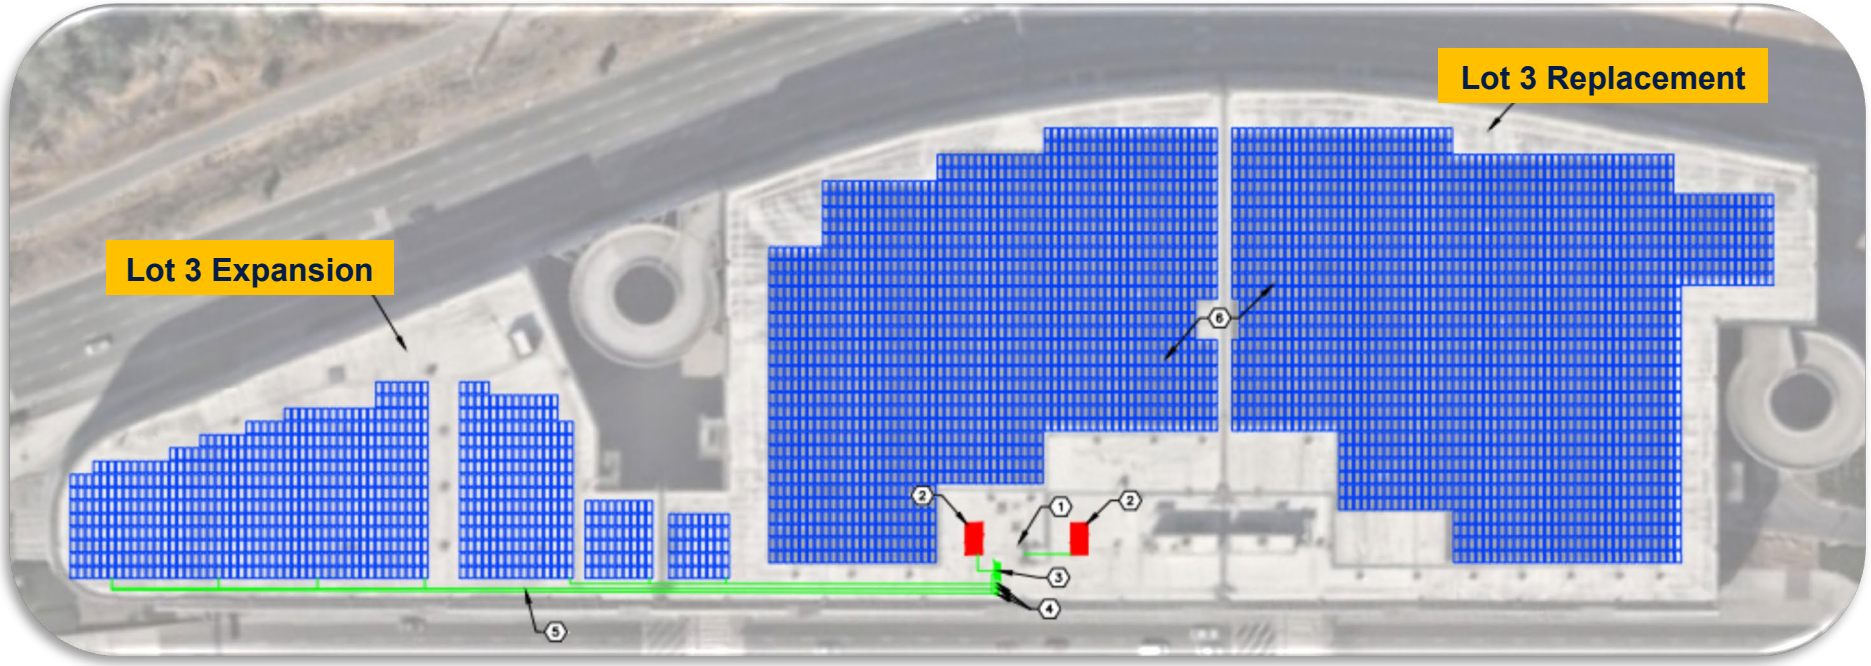

Alternate Garage Rooftop Layout

Location	PV Panel Qty	Development Area	DC System Wattage	AC System Wattage	Annual kWh Generation
Garage	1,936	2-2.5 Acres	1.065 MW	0.887 MW	1,757,039 kWh
Garage Alternate	4,000	2-2.5 Acres	2.200 MW	1.830 MW	3,629,538 kWh

Lot 3 (CONRAC) Site Plan – Solar Generation Summary

Location	PV Panel Qty	Development Area	DC System Wattage	AC System Wattage	Annual kWh Generation
Replacement	3,238	2-3 Acres	1.780 MW	1.484 MW	2,936,632 kWh
Expansion	845	1 Acre	0.465 MW	0.387MW	766,755 kWh

SJC SAN JOSE MINETA INTERNATIONAL AIRPORT

CITY OF SAN JOSE

TO: AIRPORT COMMISSION

FROM: Matthew Kazmierczak
Division Manager

SUBJECT: Legislative Update

DATE: November 6, 2026

FEDERAL

The November 3, 2026 election saw Democrats win control of both chambers of Congress. This will result in a change in committee leadership across Congress, including relevant aviation and transportation committees.

What this means:

House

- House Republican leadership elections for the 120th Congress are scheduled for Tuesday, November 10. Speaker Mike Johnson (R-LA) has announced he will not seek the top Republican leadership position, creating an open race for the Minority Leader position.
- For House Democratic leadership, current leaders are expected to remain as
